SECOND INTERNATIONAL SUMMER SCHOOL ON GLOBAL NAVIGATION SATELLITE SYSTEMS: A WORLDWIDE UTILITY

July 21 – 31, 2008 - in the GATE test area, Berchtesgaden

www.munich-satellite-navigation-summer-school.org

1st ANNOUNCEMENT

After the great success of the First International Summer School on GNSS in September 2007 (see also <http://www.munich-satellite-navigation-summer-school.org>) organizes the

Institute of Geodesy and Navigation of the University FAF Munich

in cooperation with

**Stanford University
Institute Supérieur de l`Aeronautique et de l`Espace**

the

SECOND INTERNATIONAL SUMMER SCHOOL ON GLOBAL NAVIGATION SATELLITE SYSTEMS: A WORLDWIDE UTILITY

Since universities educate still the students only in single engineering fields, but satellite navigation, however, requires interdisciplinary knowledge, it is the objective of this summer school to provide the attendees with a comprehensive overview on the design and development of satellite navigation systems as well as its applications. The program is open to graduate students, PhD. candidates, early-stage researchers and young professional willing to broaden their knowledge.

Besides lectures on fundamentals, topics will address the US Global Positioning System, the Russian GLONASS, the European Galileo system, the Chinese BEIDOU/COMPASS, the Japanese Quasi-Zenith Satellite System and the Indian Regional Navigation Satellite System (IRNSS) as well as the augmentation systems.

International renowned scientists will give lecturers as well as the Summer School Directors

Prof. Dr. Günter Hein, University FAF Munich, Germany
Prof. Per Enge, Stanford University, Stanford, USA
**Michel Bousquet, Institute Supérieur de l`Aeronautique et de l`Espace,
Toulouse, France**

More information and details of the program will be available in the Second Announcement end of March 2008 as well as on our website.

www.munich-satellite-navigation-summer-school.org

- Participants:**
- Graduate Students (more than 3 years studies)
 - PhD students and postdoctoral researchers
 - Young engineers and professionals from industry and agencies (< 33 yrs)

Date: July 21 – 31, 2008

Location: Berchtesgaden (about 150 km south-east of Munich), Germany

Hotel Accommodation: Will be provided by the organizer

Participation Fee: € 1.000,00

Fee includes participation in all lectures and demonstrations, lecture material, accommodation in a 3*superior hotel in Berchtesgaden (mainly double rooms), full board, social events.

Since the number of participants is limited to 50, early registration is recommended (first come – first serve)
